

Villa Mercury

About This Villa

Villa Mercury is located in Firostefani village, the most beautiful secret of Santorini's Caldera, right across the island's volcano.

An emblematic cave-style architecture, typical of Santorini, minimally decorated, with natural materials and handcrafted furniture. The Villa's terrace is ideal for resting, with a scenic infinity-edge pool featuring hydro-massage, a beautiful dining area and comfortable daybeds.

Villa Mercury is part of a 2-villa complex and it can be rented separately or as an entire unit.

A connecting door can be kept open to link the two villas or locked to separate them and allow full privacy.

The two villas share the infinity-edge pool overlooking the captivating, unsurpassed panorama of Santorini's Caldera.
